

Short field take-off and landing

20160722

Take-off

- 10 degree flap
- rotate at 55KIAS
- climb at V_x (60KIAS)
- remove flap after clearing obstacle (250-300ft)

Landing

- begin flare at start of runway
- aim just before runway threshold
- achieve 62KIAS at flare
- apply hard brakes to stop, avoiding skid
