

## **PPL NAV 04 post briefing**

**20171123**

### **Fuel plan**

- no TAF at YWND, therefore must have alternate
- use YKRY which has INTER, therefore, ineligible to be alternate, unless carry extra fuel
- INTER means we must carry additional 30 minutes fuel (holding burn rate). If no rate available, use cruise rate.
- INTER has buffer, 30 minutes either side, for fuel planning
- YBAF has INTER, therefore another 30 minutes fuel
- if TEMPO, additional one hour of fuel instead of 30 minutes
- *see page 12 of Student Training Guide.*
