

31. FN 18 - FREYCINET PENINSULA, TASMANIA - Fly Neighbourly Advice**Areas Affected by the Fly Neighbourly Advice (FNA)****31.1 The Reserves**

Administered by the Tasmanian Government's Parks and Wildlife Service (PWS), the area includes Freycinet National Park, Coles Bay Conservation Area and Moulting Lagoon Game Reserve. Apsley Marshes which adjoins the Moulting Lagoon Game Reserve is private property.

31.2 Ramsar Sites

Moulting Lagoon Game Reserve and Apsley Marshes are both designated Ramsar sites.

31.3 Sensitive Environmental Areas (SEA) associated with The Reserves and Ramsar Sites.

There are many SEA due to the presence of wedge-tailed eagle and white-bellied sea-eagle nest sites, seabird, shorebird and water fowl breeding, feeding and roosting sites as well as seal haul-out areas.

31.4 Preferred Altitudes and Operation

The preferred minimum over-flight altitude for the Reserves and the Ramsar sites is 1,500FT above the ground or water. The recommended over-flight altitude of the SEA (at the centre of the SEA) is 3,000FT above ground or water. See the PWS website for details. It is preferred that aircraft operate off-shore as much as possible, at the highest possible altitude and greatest lateral distance from features of scenic interest.

31.5 Landing

Except in an emergency, no flight is permitted to land at any location within:

- a. the Reserves without approval from the PWS; or
- b. the Apsley Marshes Ramsar site without approval of the land owner.

Further information is available in the full version of the FNA on the PWS website. All pilots operating in the affected areas are requested to adhere with the FNA.

32. FN 19 - INNES NATIONAL PARK AND ALTHORPE ISLANDS CONSERVATION PARK, SOUTH AUSTRALIA

Areas Affected by the Fly Neighbourly Advice (FNA)

32.1 Innes National Park and Althorpe Islands Conservation Park

Administered by the Department of Environment, Water and Natural Resources (DEWNR), the FNA includes three areas for the protection of endangered White-bellied Sea Eagle and Eastern Osprey.

- a. Pondalowie Bay: Royston Head to West Cape.
- b. The Gap: Ethel Beach, along the coast and extending to Haystack and Seal Islands.
- c. Althorpe Island: Althorpe Island and surrounding islands.

32.2 Preferred Altitudes and Operation, from 1 June to 31 December

- a. The preferred minimum over-flight altitude is 2,000FT above ground level. However, altitudes less than 5,000FT may have a detrimental effect on endangered seabirds.
- b. Maintain constant RPM/pitch (avoiding sudden changes in engine management).
- c. Aerial operations should be kept to a minimum and be operated at an altitude and configuration that will minimise noise and visual impact for ground observers.
- d. Avoid hovering and repeat passes or circuits.

32.3 Landing

Landing is restricted on DEWNR land within the Yorke District under the *National Parks and Wildlife Act 1972* and *National Parks and Wildlife (National Parks) Regulations 2016*.

32.4 All pilots operating in the affected areas are requested to adhere with the FNA.

Further information is available in the full version of the FNA on the DEWNR website, or by contacting the Yorke District Office.

33. FN 20 - KANGAROO ISLAND

Areas Affected by the Fly Neighbourly Advice (FNA)

33.1 Kangaroo Island

Lands administered by the Department of Environment, Water and Natural Resources (DEWNR) include:

- Wilderness Protection Areas (not forming part of this FNA except where overlain by a Sensitive Avoidance Area);
- National and Conservation Parks;
- Crown Lands (includes most of the coastal strip of Kangaroo Island) where not vested in the control of others.

Extending over some lands managed by DEWNR (and "connecting" areas of freehold) and the adjoining areas of sea, are six Sensitive Avoidance Areas (SAAs) (refer to the map).

SAAs are principally for the protection of the birds (e.g. nesting areas for cliff dwelling raptors especially the endangered White-bellied Sea Eagle and Eastern Osprey); shorebirds (e.g. Fairy Terns); waterbirds and seals (especially haul out and breeding areas for the endangered Australia Sea-lion). They are labelled on the map (where geographical coordinates are also provided) as:

- Cape Gantheaume coast from Point Tinline southwest to Cape Gantheaume.
- Seal Bay coast from Bales Bay to the park boundary west of Nobby Island.
- Vivonne Bay Conservation Park coast.
